COMMUNITY SPACE: 450 SQ. FT.**

“ We believe that your work environment is important. If it's unique and inviting, it will help your business prosper. This lot will serve as a great stand alone 2,000 square foot office for a smaller business to expand. The environment is already created for you, with features such as curved concrete drives, a faux vineyard, a rose-covered and rock bridge, a creek, mature trees and extensive landscaping. All the site needs is you! ”
